

Template for Submission of Manuscripts (Full paper)
to Special Issue on WCARP-V
(The Journal of the Adhesion Society of Japan)

Free of Charge for Submission and Printing

Deadline: December 31st, 2014, Publication: April, 2015

Word, A4, single-column, double-spaced

Category

The Papers appear in the Journal comprise **Full Paper** or **Short Communication** (limited to less than 2 printed pages, please use other template) including Original research on all the aspects of adhesion and related phenomena. Papers already published or scheduled to be published elsewhere will not be accepted.

Submission

Manuscript should be sent to the Editor-in-Chief of the Journal of the Adhesion Society of Japan (adhesion@mist.ocn.ne.jp).

Text should be written in double-spacing using A4 sized paper with 25 mm margins on all four edges of the paper using software of Microsoft Word. The pages must be numbered consecutively.

The first page should provide Title, author's name(s), Affiliation(s), Address of Affiliation(s), The corresponding author's name, Phone number, Fax number, and E-mail address, together with less than 200 words abstract and keywords (up to 5). Abstract should be written as concisely as possible, **after the second page**, Introduction, Experimental (or Theoretical), Results, Discussion, Conclusion, References and Figure legends would be preferably included. Results and Discussion sections may be combined, if desired.

References to the literature should be numbered in one consecutive series. The format is available from the web site.

Figures, Tables, Photos and Schematics should be separated prepared using software of Microsoft Power Point with high resolution. Only one graphic (figures, tables, photos and schematics) should be prepared on a page. The graphics must fit a one- or two-column format (8 cm or 17 cm width, respectively) on the journal page. Legends for figures, tables, photos and schematics should be arranged on main text next to reference. Please show the insert points of graphics in the main text.

Color figures and photographs may be printed in gray scale.

Units: SI unit must be used.

Reviewing and Revision

All manuscripts submitted will be reviewed as usual to the normal manuscripts, prior to publication. The editors may ask that a manuscript be revised. Requested revisions must be submitted as soon as possible. If the revised paper is not submitted till the end of February 2015, the manuscript is regarded as having been withdrawn. Revised manuscripts should be accompanied by a covering letter of response to each of the comments of the reviewers and a list of changes made in the original.

Copyright

The copyright of every paper in the special issue of the Journal of the Adhesion Society of Japan shall be transferred to the Adhesion Society of Japan. **Copyright Transfer Form** is available to be downloaded at our website.

TITLE. (20 pt)

AUTHOR NAMES (12 pt). Include in the byline all those who have made substantial contributions to the work, even if the paper was actually written by only one person. Use full names (e.g., Takashi Nishino), do not use only initials with surnames (e.g., T. Nishino). Do not include professional or official titles or academic degrees. At least one author must be designated with an asterisk (*) as the author to whom correspondence should be addressed.

AUTHOR ADDRESS (12 pt). The affiliation should be the institution where the work was conducted. If the present address of an author differs from that at which the work was done, indicate with a symbol and give the Present Address under Author Information. If more than one address, use number (1, 2, 3···) to match author names to address(es).

KEYWORDS (12 pt): up to 5 words.

ABSTRACT (12 pt).

Abstract should be written as concisely as possible, preferably in less than 200 words.

< First page: title, authors, address, keywords, and abstract
only>

TEXT (12 pt).

The text must be divided into the following sections: Introduction, Experimental (or Theoretical), Results, Discussion and Conclusions. Results and Discussion sections may be combined, if desired. For full instructions, please see the journal's Instructions for Authors in Japanese (following pages). SI unit must be used.

REFERENCES (12 pt).

References to the literature should be numbered in one consecutive series. The following format must be followed.

- 1) S. R. Culler, H. Ishida and J. L. Koenig, *J. Colloid Interface Sci.*, **109**, 1 (1986).
- 2) R. J. Arenz and R. F. Landel, *J. Polym. Sci.*, **20**, 363 (1982).
- 3) L. F. M. da Silva and R. D. Adams, *Proceedings of EUROADH*, **2002**, 31 (2002).
- 4) E. P. Plueddemann, "Silane Coupling Agents, 2nd edition", Plenum Press, New York (1991).
- 5) U.S.P. 2,514,387, Harry Gilbert et al, The B.F. Goodrich Company, July 11 (1950).

FIGURE LEGENDS (12 pt).

Please also include a clear and concise legend explaining the graphics, table, and scheme.
